FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discoverod that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative: two or three are cathartic.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HICKS FOR SEPTEMBER.

A regular storm period is central on the 1st, extending up to the 4th. The month promises to come in with areas of high temperature, low barometer and storms making their transit from west to east. The climax or culmination of this period will fall on and touching the 2nd, the date of the full moon. The moon does not pass celestial equator, coming north, until the 6th, strongly indicating that high temperature and threatening eletrical storms may not subside entirely at the end of the first period. The 1st to the 4th is also a probable seismic period.

A reactionary storm period is central on the 7th and 8th and this fact most probably will cause storms that originate on the 6th to continue over the 7th and 8th.

A regular storm period is central on the 12th and covers the 10th to the 15th. This period is coincident with the September magnetic crisis, which the earth passes annually from September 9th to 15th. This, as we have often explained, is because earth's magnetic poles are inclined to the equator. Look for high temperature, low barometer, threatening storm clouds and severe electrical phenomena, centering progressively on the 11th to 14th.

A reactionary storm period is central on the 17th, 18th and 19th. This period will carry the earth to the center of its autumnal equinox. It will be prudent to heed all indications of equatorial storm periods. We figure that such storms will be heard from within sixty hours of noon on the 18th. The moon is in perigee, or nearest the earth, on the 21st and this fact will greatly increase the tendency to tidal waves at this period.

A regular storm period runs from the 22d to 26th, being affected by Mercury, earth and the entering of the Venus period. From the 23d to 26th is a time of maximum storms probability. Look for a commingling of tropical and boreal conditions, bringing rain, wind and thunder in some parts, with possible sleet and early spurts of snow in the far North. A reactionary disturbance is central on the 29th and 30th, causing low barometer and general change to storm conditions as September goes out.

Transport Sheridan Ashore.

A dispatch from Honolulu says that the United States army transport Sheridan went ashore at 4 o'clock yesterday morning upon a coral reef at Barbers Point, the southwestern extremity of the Island of Oahu.

The Sheridan's main steam pipe is broken and the vessel is helpless so far as her own power is concerned. The breaking of the pipe occurred just before the steamer grounded, and the crippled condition of her engines was the cause of the accident. Immediately after the vessel struck the reef the lifeboats were lowered and efforts made to reach the shore.

The position of the steamer is alarming, but her boats have not yet been able to find a place where they can land.

The natives are now getting to the vessel through the surf in canoes. Captain Peabody says that if power is applied quickly he believes the Sheridan can be saved, but otherwise there is little hope for the transport. The swell is heavy and the coral rocks are very sharp. Good order is maintained on board the vessel. The transfer of passengers either to the shore or to other craft so they can be carried to Honolulu is a serious problem.

Stabbed by a Young Woman.

A fashionably dressed girl of about nineteen years entered a street car of the Columbia Railway at Fifteenth street and New York avenue northwest Washington, last night, and drawing a knife stabbed the conductor, Thomas Stallings, in the left shoulder. Before she could repeat her attempt, which was witnessed by several hundred persons, the motorman had drawn her away, and held her until the police came. The young woman accuses Stallings of slandering her. The Washington police say the girl is Viola Strahan, and that her father is the superintendent of the Benning race track. On March 30 a Miss Strahan drank carbolic acid in the waiting-room of the Columbia Railway, at Fifteenth and H streets northeast. Her life was saved by the administering of an antidote. At that time her father said he knew of no reason that would lead her to make an attempt on her life, but the girl said that she had tried to commit suicide, and that she wanted to end her life. She was then in school at Benning, and it was said that an untortunate love affair was the cause of her trouble.

Woman Cause of Tragedy.

A woman is said to have been the cause of the shooting of John Fridinger by Robert M. Simons, at Petersville, Frederick county, Md., Thursday. The woman is Simons' sister-in-law and lives at his home. Fridinger had been paying attention to her, to which Simons objected, and the two men had quarreled about the matter, it is said, on several occasions. After the shooting Thursday Simons told an acquaintance that the quarrel at the postoffice was due to this dispute between him and Fridinger. Fridinger's father, Jerome Fridinger, of Roanoke, Va., arrived at Petersville yesterday morning and took charge of the body. Fridinger died in the road, where he fell after being shot, though his death did not occur until an hour after the shooting, at 9:30 o'clock in the morning. After his death the body was covered with a sheet and left lying in the road until 2 o'clock in the afternoon, when it was removed to the home of his sister, Mrs. Luther Meek, with whom he had been living.

Colored Brakeman Killed.

Pierce Moore, a colored brakeman on the Norfolk and Western Railway, was shot from ambush and instantly killed near his home, in Roanoke Thursday night while passing through an alley with his wife and sister-in-law. Stewart Strause, another negro, is suspected of the murder, and he is being hunted by the police. Moore's wife and her sister were arrested yesterday and locked up, charged with being accomplices. At the coroner's inquest, a number of witnesses testified that they had heard Strause say he was going to kill Moore before the week was out. It is said Moore's wife had made preparations to leave Roanoke Thursday night with Strause. Moore's wife was at a neighbor's house when Moore called for her, and they were on their way to the Moore home when the shot was fired in the dark. The bullet passed through Moore's heart. Witnesses say they saw Strause running away from the scene of the tragedy. Strause's watch was found near the spot where Moore fell dead.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette — SIC SEMPER TYRANNIS — AND VIRGINIA ADVERTISER

SATURDAY EVENING, SEPT. 1, 1906.

THE NEW City Council was organized at noon today. There is but little change in the personnel of the two branches and all the former officers of the two boards were re-elected by unanimous votes. There were no new faces in the Board of Aldermen, the four members whose terms expired today having been re-elected. There is every reason to believe that the line of improvements conceived and prosecuted by the last Council will be continued in the conservative manner which has been shown by the city fathers during the past five or six years. The two branches of the city government are disposed to work in harmony, and will vie in furthering such public improvements as the members may see their way clear to accomplish. This is, we believe, the first time in the history of Alexandria where the Mayor has remained in office during two terms of Council. Mayor Paff's term will not expire until two years from today. During the time he has occupied the Mayor's office he has been in perfect accord with the City Council, which relations will doubtless be continued. He has from time to time made practical recommendations to Council, and his suggestions have generally been acted upon, and the conditions at this time surrounding all branches of the city government are pleasant to contemplate.

MR. BRYAN, in his speech in New York Thursday night, truly said:

The great corporations do not contribute their money to any party except for immunity expressly promised or clearly implied. The President has recommended legislation on this subject, but so far his party has failed to respond. I hope that the democratic party will not only challenge the republican party to bring forward effective legislation on this subject, but will set an example by refusing to receive campaign contributions from corporations, and by opening the books so that every contributor of any considerable sum may be known to the public before election.

The great corporations have for years past been financing the republican campaign committees which have bought the elections, and when Judge Parker made this declaration he was called a liar by President Roosevelt. But the judge told the truth, all right.

THE GAZETTE from the begining has been opposed to government ownership and expects to continue in this opposition to the end, but it admits that Mr. Bryan made a strong plea for his side of the question in his speech in New York on Thusday night, when he said:

I have already reached the conclusion that the railroads partake so much of the nature of a monopoly that they must ultimately become public property and managed by public officials in the interest of the whole community, in accordance with the well defined theory that public ownership is necessary where competition is impossible. Believing, however, that the operation of all the railroads by the federal government would result in a centralization which would all but obliterate state lines, I prefer to see only the trunk lines operated by the federal government and the local lines by the several State government.

THE REPUBLICANS have evidently been rendered uneasy by the great ovation tendered Mr. William J. Bryan in New York Thursday and which is being continued in other places. His speech has been placed in the alembic and every exertion made to find something vulnerable. His reference to his convictions concerning railroad ownership seem to be the only thing, after all, they have found to harp upon. Many democrats think governmental ownership impracticable, but that is a matter which every man has the right to his individual opinion. The democratic party is in no way pledged to it. Mr. Bryan, it is said, was requested by certain representative democrats not to allude to this subject. If they did and he gave no heed to his counselors, it but shows the honesty and fearlessness of the man who, believing he is right, has the boldness to express his convictions.

SECRETARY SHAW has outlined his plans for another crusade in the South, with the hope of driving a wedge into the democratic bulwarks of the South. This is his second assault. His first, judging from the election returns, after he had made many speeches in the Old Dominion, was a decided failure. Conditions have in no wise changed, and the Secretary, although an entertaining speaker, will not succeed in changing the opinion of many people in the southern country. Still he must help Congressman Slemp as the latter has promised to help him in his presidential effort.

THE QUESTION has been asked why did the republicans of the House refuse to pass the Tillman bill, which the democrats forced through the Senate, forbidding corporation contributions to national campaign funds and why did President Roosevelt not insist on the bill's passing. The only answer that the republican leaders can make, is they expect to effect another raid on the corporations to supply the campaign funds necessary to keep them in power and therefore did not want that democratic proposition to cut off the supply.

THE FIRST autumn month opened clear and bright, which indicates that the delightful weather will continue for some days. All hope so.

Washington, Sept. 1

Charles Earl, formerly special attorney in the office of the Attorney-General, this morning took the oath of office as solicitor of the Department of Commerce and Labor. The oath was administered to him at the Department of Justice, Mr. Earl at once going to the Department of Commerce and Labor where he held a conference with acting Secretary of Commerce and Labor Murray, and met the members of his own office force. He succeeds acting Solicitor Harrison Nesbit, who has occupied the office since Solicitor Edwin W. Sims was appointed District Attorney for Chicago.

Mrs. Gertrude Nash, wife of Mr. Harry Nash, died at her home on north Alfred street, this morning. The deceased leaves two children. She was 24 years old.

First Assistant Postmaster General Hitchcock has gone to Europe to inspect the U. S. trans-atlantic mail service.

According to dispatches received at the War Department this morning, the transport Sheridan which went aground on Oahu Island, Hawaii, yesterday, is not in as dangerous a position as at first reported. In the harbor of Honolulu, the Navy Department has two tugs of its best make, the Iroquois and the Fearless. These will also be sent to the assistance of the Sheridan, if that action has not already been taken.

The State Department has received a dispatch from Charge d'Affaires Sleeper, at Havana conveying the rumor of trouble in Santiago province, but stating that he has not yet been able to confirmit.

News of the Day.

Judge Alton B. Parker has been elected president of the American Bar Association.

According to a circular issued in Philadelphia yesterday the wholesale prices for all kinds of coal will remain the same as those of last year.

The situation in Cuba is far darker than at any previous time since the insurrection broke out. News of an uprising in Santiago province is spreading about Havana and causing the gravest concern.

Charles Richard Williams, claim agent for the Chicago, Burlington and Quincy Railrad, shot himself dead in his home, in Chicago, yesterday. He grieved because his wife had obtained a divorce from him.

Henry Watterson in a sharp editorial in today's Courier-Journal, takes issue squarely with Bryan on his government ownership of railroads, and warns the twice-defeated candidate for the presidency that the South will not tolerate the idea.

Bishop Charles C. McCabe has sent a letter to Judge Parker, chairman of the executive committee of the international policy holders' committee, protesting against the attacks made against the New York Life and the Mutual Life Insurance Companies, and recommending the adoption of the administration ticket.

The main engine driving the dynamo at the Cumberland, Md., municipal lighting plant was wrecked last night. The city was in darkness. The crankshaft broke and both flywheels were let down. One was stripped and broke. Cast iron was thrown in all directions, some going through the ceiling. No one was in the room at the time.

The Taylor Park Mining Company, a Colorado corporation, capitalized for $5,000,000, was placed in the hands of Thomas T. Goodale as receiver, in Boston yesterday. The receivership is the result of charges made by Clarence H. Knight, a creditor for $5,000, who alleged that the company is hopelessly insolvent and owes $213,000. The company is engaged in mining gold at Dorchester, Col.

The last day of August broke all heat records in England. The official instruments in London at 2 o'clock yesterday afternoon registered 91 degrees in the shade and 129 in the sun. A number of heat prostrations in the streets were reported. The heat in England in general is so intense that in some places the judges presiding over the county courts are reported to be dispensing justice in their shirt sleeves.

Flat Top Tony Pizelli, Italian gang foreman in the mines at Hinton, W. Va., was shot and instantly killed yesterday by Cari Lugi, with whom he was in love. The girl had rejected him in favor of Bob Jackson, a miner, and he plotted with an enemy of Jackson to do away with the successful rival. A forged note was sent to the Lugi woman, signed by Jackson, saying he was done with her. She started out to kill Jackson, because of supposed faithlessness, but met Pizelli in a dark mine entrance and mistook him for Jackson. She fired three shots, killing him instantly.

Receiver Earle, of the Real Estate Trust Company in Philadelphia, says he unearthed yesterday in the bank securities aggregating about $1,000,000 face value in the name of Adolph Segal. Until he investigates more fully he will not be able to say how much they are worth. Mr. Earle reiterated his firm belief that the officers of the bank must certainly have had knowledge of President Hipple's transactions with Segal and others. Additional developments, sensational in character, continue to crop out. Yesterday it became known publicly, for the first time since the suspension of the trust company, that there had not been a meeting of the directors of the failed bank for nearly three years, every detail having been left to the president.

Virginia News.

A unanimous call has been extended by the congregation of the Buena Vista Presbyterian Church to Rev. J. A. McClure, of Front Royal, to the pastorate of the church.

Charles Baltimore Calvert, a leading resident of Prince George's county, Md., died at his beautiful country home, MacAlpine, yesterday after a brief illness of Bright's disease, aged 68 years.

E. O. Fitzgerald, a newspaper carrier, who often attracted attention by his bent form and gray hair, died in Richmond Thursday night. He was a master of arts of the University of Virginia and bachelor of arts of Cambridge.

A man is responsible for his wife's debts if the purchases she makes are household necessities. This was the decision under the new law rendered by Judge Crutchfield in the civil docket trials of the Richmond Police Court yesterday.

Mr. George S. Shackelford, of Orange, who at present represents the 15th, senatoral district (composed of Culpeper, Rappahannock, Madison and Orange counties), states, positively, that he has decided, for business reasons, not to be a candidate for re-election to the State senate in which body he has served for eight years.

Dr. Adam Irvine Clark, the oldest physician in Lynchburg, died yesterday, aged 89 years. He had served many years ago in the General Assembly for several terms as a representative from Campbell county, and after moving to the city was president of the board of health and of Lynchburg Academy of Medicine.

Percy T. Crown, a son of the late John O. Crown, for many years editor of the Clarke Courier, of Berryville, is in a serious condition at his home in that place as the result of having been shot by a negro, James Sims, at the Planters' Chemical Company, at Talladega, Ala., of which Mr. Crown is superintentent.

A corps of engineers for the Southern Railway have been making surveys between Dry Fork and Danville, with a view of changing the course of the road so as to avoid the heavy grades and to enable the Southern to put down double tracking. The company also contemplates the erection of another iron bridge across Dan river.

Representative Maynard, in a speech in Portsmouth last night, said that, as a democratic measure, he introduced the bill in Congress increasing the President's salary to $100,000. Under the present system, he said, of special appropriations, the President receives nearly $250,000 annually. He thought the $100,000 enough for all purposes.

Cards have been issued announcing the approaching marriage of Mr. Marshall McCormick Milton, of Baltimore, formerly of Berryville, and Miss Elizabeth St. Clair Lee, of Gloucester. The ceremony is to be celebrated on Wednesday, September 5, in Ware Protestant Episcopal Church at Gloucester, of which the bride-elect's father, the Rev. Henry B. Lee, is rector.

Senator Daniel and Governor Swanson have announced their intention to deliver campaign speeches in the Ninth congressional district in behalf of the candidacy of ex-Senator Bruce, the democratic nominee, and report also has it that State Chairman Ellyson will make an effort to induce William Jennings Bryan to appear there. Secretary Shaw will speak in that district in behalf of Congressman Slemp.

It is understood that the family of the late Gen. Fitzhugh Lee, former president of the Jamestown Exposition Company, will request the company to pay to his estate a sum which is in the neighborhood of $10,000, for services rendered. General Lee preferred not to have his salary fixed during the early period of the exposition movement, although he drew a nomiusl sum monthly and was reimbursed for his expenses. The salary of President Tucker was placed at $10,000.

Eight farms have been recently sold in the upper part of Caroline county to newcomers, who expect to substantially improve them. Among these sales was the farm of G. R. Collins, near Guineys, containing 152 acres, on which is located the farm house in which Gen. Stonewall Jackson died after being wounded in the Wilderness during the civil war. The price was $5,000. The farm of T. W. Catlett, in the same neighborhood, containing 250 acres, was sold to O. P. Griffin, of Remington, for $4,300.

Thomas Burke, who was employed as foreman of construction work on the Tidewater Railway, near Roanoke, was instantly killed yesterday evening by a blast. Burke was passing the point where the blasts had been set, when a man handling the electric igniters put off the second blast, which resulted in his death. He was knocked from a high cliff, and his body badly mangled by flying rocks and the force of the explosion. A gang of laborers, mostly Italians, set upon Joseph Trieco, who set off the blast. They beat him unmercifully, and it was with great difficulty that the enraged laborers were prevented from lynching him. He finally escaped to the mountains after a rope had been secured to hang him.

Papal Bull.

Rome, Sept. 1.—The time has come when the Catholic Church should use all arms at its disposal in fighting the enemies who assail her both within and without. This is the chief sentiment expressed by Pius X. in the papal bull read today at the general congregation of the Jesuit Society, held for the purpose of electing a successor to the late General of the Order, Father Louis Martin. The meeting was held in the German College and the papal bull was read by Father Ruggero Freddi, vicar general and present acting head of the order. It confirms the extending of ancient privileges to the Jesuits, and the granting of new facilities and greater power to the order. Before the meeting began the chances of several aspirants for head of the order were discussed. Among those mentioned for the position were Father Rudolp Meyer, Assistant General for the English-speaking countries, who is connected with the province of St. Louis; Father Fredi, and Father M. Adel, of Vienna.

Steamer in a Precarious Condition.

Honolulu, Sept. 1.—The later reports from the transport Sheridan state that the big ship is in a most precarious position. The passengers still are on board, they will be removed in the morning. Attempts to float the vessel have been temporarily abandoned. Mysterious changes of ocean currents, responsible for the wreck of the Manchuria and the transport Sheridan, are puzzling experts. The usual currents in this portion of the ocean trend northwesterly, but there seems to have been a remarkable increase in the force of the current. This change sent the Manchuria on a reef far out of her course. The Sheridan also was carried northward of the true course.

The Inter-Island steamer Helene arrived here at 9:45 p. m. yesterday with a number of passengers on board from the stranded transport Sheridan, including twenty women and ten children. Tugging has moved the vessel considerably and it is believed she will be freed.

Today's Telegraphic News

MR. BRYAN.

New York, Sept. 1.—William Jennings Bryan will not retreat from his position that the general ownership of railroads is the solution of the country's transportation problem, and the paramount issue in the next presidental campaign.

Though his railroad declaration has stirried up a hornet's nest in the democratic ranks, he believes that within the next two years, the democracy will be educated to the belief that the government is the natural owner of the railroads.

Mr. Bryan was much surprised today to learn that so many democrats had regarded the declaration of his belief in federal control of transportation lines as his obiter dictum to the democratic party. He read all the newspapers en route from Bridgeport to New York today. After he had concluded reading some of the sharp comments on his railroad views, Mr. Bryan said:

"My declaration at Madison Square Garden for federal control was only the expression of my opinion. I tried to make that clear, at that time. I have not talked with any democrats on the question, and do not know what they think. I firmly believe in the federal control of railroads and I am sure that time will justify me in the position I have taken. I have no desire to comment on what others have said now."

"Is it not a fact that the reason why the southerners are afraid of federal control is because of the possible abolition of the Jim Crow law" was asked.

"My idea of federal control," said Mr. Bryan, "is that the national government should control the trunk lines and the States the lines feeding the big trunk lines in their own States.

"How about Jim Crow cars on trains passing over trunk lines through several States?"

"Well, I prefer not to answer these details in a fragmentary way," replied Mr. Bryan. "I shall discuss this issue in detail later, and in my own way."

Mr. Bryan left Bridgeport today for New York, after spending the night at the home of former State Senator McNeil, of Connecticut. He was accompanied to this city by Kenneth McNeil.

Mr. Bryan was driven at once to the Victoria Hotel on his arrival here and went into conference with Alfred Dulin, the secretary of the national congressional campaign committee. During the day Mr. Bryan will hold several conferences with democratic politicians from all over the country and will doubtless sound them upon the plan of federal control of railroads. Mr. Bryan will go to Newark this afternoon, where he will make a speech and will return to Jersey City where he will dine at the Carter Club. After dinner, there will be a review of a parade of ten thousand of Jersey sons and three meetings which Mr. Bryan will address in various parts of the city. He will be tendered a banquet by the New York newspaper men at Healey's tonight.

England's Navy.

London, Sept. 1.—A fresh outcry from naval experts to the effect that Great Britain's supremacy on the water is threatened has been raised in connection with the commissioning today of the new giant battleship Dreadnaught, the largest warship in the world. The naval policy of the government is bitterly attacked. The supporters of a great navy are using the opportunity created by the discussion of the tests of the Dreadnaught to again urge an increase in the government's naval programme. Severe criticism is heaped upon the Cabinet for delay in laying down more warships of the Dreadnaught class. "Four Dreadnaughts to Germany's two" is the battle cry of the experts, and they insist that England is dropping behind the two power standard for her navy which has always been maintained. According to the present programme England by 1908 will have six Dreadnaughts in hand while France and Germany will also have six vessels of the same class apiece. An organized campaign is being prepared to force Sir Henry Campbell-Bannerman, the premier, to agree to the programme of the agitators to build four Dreadnaughts to every two laid down by Germany. In connection with the agitation now in progress, comment has been aroused by an expression which in dealing with the subject of Mr. Bryan's speech in New York, Thursday night, says that while Mr. Bryan was in London he made a secret pact with Premier Campbell-Bannerman by which they agreed to negotiate a perpetual treaty of peace between the United States and Great Britain in the event that Mr. Bryan is elected President.

Alarm Clock Releases Bride.

Washington, Pa., Sept. 1.—Because he overslept, George Bedding, aged 19, son of a wealthy Monongahela business man, to-day lost a bride and made a bitter enemy of Edna Williams, aged 17 a society girl, whom he was to marry. The couple, on account of their youth has been refused parental consent to their proposed union, but yesterday determined to elope; and their plans called for a trip to Youngstown, Ohio, on an early morning train. By agreement they were, without taking any apparent notice of each other, to board a train shortly after daybreak. Miss Williams was on hand at the station early, and the train arrived, but Bedding failed to appear. Three trains left without him, and then the girl's mother, missing her from the house, and alarmed by the early absence, appered on the scene in search of her. As the mother was taking her daughter home Bedding came running up, breathless, and informed his sweetheart that his alarm clock had failed to awaken him. Miss Williams was so disgusted with Bedding's tardiness that she told him she was glad he didn't come on time, and said she would never trust a man again.

Five Persons Drowned.

Dahlonega, Ga., Sept. 1.—Five persons were drowned here yesterday in a cloud burst which wrecked the home of D. H. J. Stanstell The family were seated at dinner when the wall of water struck the home, and the father, mother, and three children met death. Many other houses were damaged.

Practicing for Race

Putney, Eng., Sept. 1.—In a practice spin over the entire course fixed for the race with the Cambridge, the Harvard crew negotiated the distance this morning in 18 minutes and 40 seconds, which is just three seconds slower than the record

Lawyer-Directors.

Philadelphia, Sept. 1.—It has leaked out that when Adolph Segal the hypnotiser, said that there were "others" who passed on and favored his famous loans from the Real Estate Trust Company, he meant certain lawyers who were directors in the defunct company and were also his attorneys. This is the most startling piece of news that has yet emanated from this extraordinary financial robbery.

George H. Earl, receiver for the Real Estate Trust, announced this afternoon that he had retained John G. Johnson to defend all suits and to bring any prosecutions. The receiver states that the trust funds were tampered with.

John L. Borsch, of the optical firm of Borsch & Co., threatens to institute criminal proceedings against the Real Estate Trust Company directors for what he charges is the illegal withholding of his deposit with the ruined institution.

Mr. Borsch, declared that on Tuesday morning last he deposited $3,500 to his account. This was at 11 o'clock, more than three hours from the announcement of the concern's failure. John F. Betz, millionaire brewer, and capitalist, is the first of the directors of the Real Estate Trust Company to offer to make good the losses of depositors. He said: "I am game enough to make good what ever the directors are called upon for. I am personally willing to go as far as any of the other directors, and will contribute my full proportion."

Receiver Earle opened the Hipple box in the safety deposit vaults today. Nothing was found that would aid in clearing up the Hipple-Segal transactions.

General Trepoff Ill.

St. Petersburg, Sept. 1.—General Trepoff, who has been the main reliance of the Czar since the opening of the revolution and the dread of the opponents of the present regime in Russia, is seriously ill. Although the news has only recently become known, General Trepoff has been ill for several days. Today it was stated that he has suffered a relapse, and his condition is serious. The trying experiences through which Trepoff has passed, the dangers he has faced, and the extraordinary efforts he has been compelled to make to insure the safety of his imperial master, have at last broken down his wonderful health. He is in a state of nervous collapse and grave fears are entertained for his recovery. He was ordered several days ago by the court physicians to give up his official duties and take a complete rest. This was almost impossible for him to do and as a result it is stated he has now suffered a complete breakdown.

The Welch-Dunn Contest.

Philadelphia, Sept. 1.—All the ring craft and science at the command of Freddy Welch were unvailing last night at the National Athletic club when he met Jimmy Dunn, of Pittsburg. Dunn's style was too much for the clever Englishman to solve and for once it was Welch and not the opponent who was bewildered. Dunn has a good left and he knows how to use it. He fought off Welch for four rounds. The first four rounds were all in favor of Dunn, who landed numerous blows to his rival's face and body. Welch lacked the footwork and science he has shown in former fights. He did better in the fifth but but could not get the upper hand. Welch in the sixth opened Dunn's nose with a left jab, but the latter fought him around the ring and deserved the decision.

Starthing Rumor.

Oyster Bay, N. Y., Sept. 1.—A wild rumor that the President had been shot believed to have been started by curb brokers in Wall street, and wired here this afternoon, sent the corps of staff correspondents scurrying to Sagamore Hill at a pace that caused the country folk to think that a cross country run was being pulled off. When the breathless newspaper men reached the summer the President and recover breath enough to state the cause of their excitement they were informed by the President personally, that he was not shot. During the forenoon, President Roosevelt drove to Oyster Bay and then back to Sagamore Hill. There was no incident connected with his drive to have given the slightest foundation for the rumor.

Irregularity Discovered.

Brest, France, Sept. 1.—Owing to the discovery that a grave irregularity was committed in the early proceedings against M. Alexandre Greger, the Russian diplomat, who is accused of the theft of jewels by Countess Rodel jec du Procisza, the case against the Russian has been adjourned. The police commissary at Brest, who was summoned by Countess du Porcisza to her castle to search and arrest Greger, it has been learned, was outside of his jurisdiction and had no right to act in the case. At the proceedings against Greger to date, are null.

Indicted.

Jonesboro, Ga., Sept. 1.—Following the shootiug of S. Linton Milner as he walked out of the court house after having been acquitted of the murder of B. H. Dorsey, the grand jury of Clayton county, has indicted T. T. Dorsey, and Otis Dorsey, sons of the murdered Dorsey, with Al Norris, of Atlanta, a cousin of the Dorseys, charging assault with intent to murder. The trio are charged with being the assailants of Milner. Milner is still in a critical condition, and is not expected to survive his injuries.

Fifty-Thousand Dollar Race.

New York, Sept. 1.—For the last of the season's big races, sixteen of the best two year old colts and fillies to be found in the country will go to the post at Sheepshead Bay this afternoon. The $50,000 stake which will be the victor's reward makes the race one of the most desired to capture, while the honor of the victory gives added inducement to make every effort to win the event.

Champion Bicyclist.

Salt Lake City, Utah, September 1.—Frank Laramer of East Orange, N. J. defeated Iver Lawson in the two final heats of the world's championship match race last night, thus establishing his right to the title of the premier bicycle rider of the world. The two heats were at a mile and three miles, the first being won by only six inches, the time for the mile was 1:58 2-5 and for the long event, 6:40.

MARRIED.

Monday, April 16, 1906, by Rev. H. J. Cutler, at St. Mary's parsonage, Mr. WARREN ZIMMERMAN and Miss ELIZABETH SHEEHEY, both of this city.

DIED.

At her residence No 417 north Alfred street, Saturday morning, September 1, GERTRUDE NASH, aged 24 years, wife of Harry Nash. Funeral notice hereafter.

From Cuba.

Havana, Sept. 1.—An outbreak of revolutionary activity in Puerto Principe province has occurred to add the cap sheaf to the troubles of the government. Hitherto this province has remained loyal to President Palma, and it was the hope of his advisers, as well as their confident belief, that there would be no insurrectionary activity there.

But yesterday a band of insurgents left the city of Moron, one of the principal ports for shipping tobacco, to assist the revolutionary cause. The band acted openly and the men, after arming themselves, marched out of the town in an orderly manner.

Rurales have been sent in pursuit of the insurgents and it is hoped they will be captured. It is the moral aspect of the affair, rather than any dread of a small band of insurgents operating in the province which the government most dreads. With an armed band operating there the last province, remaining loyal, has voiced its support of the revolution. The government cannot now point to a single province which is unaffected.

There has been renewed talk that intervention by the United States can be the only outcome of the insurrection unless it is speedily checked.

The expected battle between the loyalists and insurgents in Pinar del Rio province has again failed to materalize. Pina Guerra, the insurgent leader, swerved from his course after marching toward Guanes to meet the localists and moved toward the mountains. In the mountainous section of the province he can easily elude the government forces for an almost indefinite period.

It is reported, but unconfirmed, that Guerra shot one of his followers as a spy. He is reported as saying his enemies had caused men to join his army for the purpose of assassinating him.

In the other provinces, the insurgents continue moving from place to place, but there has been no fighting of consequence.

City Council.

The new City Council was organized today. All the old officers of both boards were re-elected by unanimous votes. The session was brief.

BOARD OF ALDERMEN.

All the Aldermen were present. Messrs. Hill, Ballenger, Simpson and W. H. Sweeney hold over for the next two years, and Messrs. Burke, Marbury, Curtin and J. T. Sweeney were elected for a four-year-term, commencing today.

The clerk called the board to order and stated that the first business was the election of a President.

Mr. Simpson nominated Mr. J. T. Sweeney for re-election, and in doing so paid a fitting tribute to him and the services he has rendered during the time he has presided over the board.

No other nominations were made and Mr. Sweeney received the unanimous vote of those present.

In accepting the position he made a short and appropriate speech in appreciation of the confidence placed in him.

Justice Pelton subsequently appeared in the chamber and administered the oath of office to Mr. Sweeney, after which the latter administered the oath to the newly elected members.

Mr. W. H. Sweeney nominated Mr. Curtin for re-election as Vice President, and he was also elected by a unanimous vote.

Mr. Burke nominated Mr. Luther H Thompson as Clerk, and there being no other nominations, he, too, was re-elected by a unanimous vote.

Mr. Marbury nominated Mr. Geo. W. Schafer for Messenger, and he also received the unanimous vote of the board.

A resolution providing that all unfinished business of the late Council be turned over to the various committes when they shall have been appointed was received from the Common Council and their action concurred in.

The board then adjourned.

COMMON COUNCIL.

The new Common Council was called to order by Mr. H. R. Burke, the oldest hold-over member in point of service, and Mr. Nevelle S. Greenaway acted for Mr. D. R Stansbury, Clerk of the last Council.

Mr. Leadbeater nominated Mr. Hubert Snowden as president of the board and the nomination was seconded by Mr. Strauss, and Mr. Snowden was unanimously elected.

Mr. Snowden returned thanks for the renewed evidence of confidence and said it would be his sole aim to promote the interest of the city.

Justice Pelton then administed the oath of office.

The newly elected members of the board advanced to the President's desk and were sworn in according to law by the President.

Mr. N. S. Greenaway was appointed temporary clerk by the Chair.

Mr. Burke nominated Mr. L. E. Uhler as Vice President, and he was unanimously re-elected.

For Clerk Mr. Strauss nominated Mr. D. R. Stansbury, who was unanimously elected.

Mr. Wm. Craven was unanimously elected Messenger.

Mr. Boothe was deputized to inform the Aldermen that the Council had organized and was ready for business.

A resolution referring all papers of the old board to the appropriate committees when named was adopted.

The board then adjourned.

The Marine Hospital Service has received a special report on the yellow fever at New Iberia, Louisiana, from Surgeon Guiteras, who had been directed to investigate. He says that there has been no new cases and that danger of spread is slight.

Rescue of a Merchant.

A prominent merchant of Shongo, N. Y., J. A. Johnson, says: "Several years ago I contracted a cough which grew worse, until I was hardly able to move around. I coughed constantly and nothing relieved my terrible suffering until I tried Dr. King's New Discovery. Before I had taken half a bottle my cough was much better, and in a short time I was entirely cured. I surely believe it saved my life. It will always be my family remedy for colds?" Fully guaranteed; 50c and $100 at E. S. Leadbeater & Sons' drug store. Trial bottle free.

BOARD OF ALDERMEN.

At a meeting of the Board of Aldermen of the city of Alexandria, Va., held September 1, 1906, there were present:

Messrs. J. M. Hill, W. W. Ballenger, George L. Simpson and W. B. Sweeney, members who hold over and whose term expires on September 1, 1908; and Messrs. N. P. T. Burke, F. F. Marbury, J. R. N. Curtin and J. T. Sweeney, elected to serve four years from September 1, 1906.

The clerk called the board to order and stated that the first business would be the election of a President.

Mr. J. T. Sweeney was nominated and elected by a unanimous vote, as follows: Messrs. Hill, Burke, Marbury, Ballenger, Simpson, Curtin and W. H. Sweeney.

Justice Julius Peyton administered the oath of office to the President-elect, after which the latter administered the same to the newly-elected members.

Mr. J. R. N. Curtin was elected Vice President by the following vote: Messrs. Hill, Burke, Marbury, Ballenger, Simpson, W. H. Sweeney and Mr. President.

Luther H. Thompson received the unanimous vote for Clerk, as follows: Messrs. Hill, Burke, Marbury, Ballenger, Simpson, Curtin, W. H. Sweeney and Mr. President.

George W. Schafer was unanimously elected Messenger, as follows: Messrs. Hill, Burke, Marbury, Ballenger, Simpson, Curtin, W. H. Sweeney and Mr. President.

A resolution providing that all papers not acted upon by the last Council be referred to the various committees when they shall have been appointed, was received from the Common Council and their action concurred in.

The board then adjourned.

J. T. SWEENEY, President.
Teste: LUTHER H THOMPSON, Clerk.

COMMON COUNCIL.

At a meeting of the Common Council of of Alexandria, Va., held September 1st, 1906, there were present: Messrs. E. S. Leadbeater, H. R. Burke, Thomas L. Risheill, Hubert Snowden, Henry Strauss, J. Y. Williams, Henry Bander, Louis Brill, I. Fred Birrell, Wm. H. Hellmuth, J. T. Harrison, Gardner L. Boothe, L. E. Uhler, F. C. Spinks, C. B. Marshall, and F. T. Evans.

Mr. H. R. Burke (in absence of the clerk) called the members to order.

Mr. Hubert Snowden was nominated by Messrs. Leadbeater and Strauss and unanimously elected President by the following vote: For Mr. Snowden—Messrs. Leadbeater, Burke, Risheill, Strauss, Williams, Raader, Brill, Boothe, Birrell, Helmuth, Harrison, Uhler, Marshall, Spinks and Evans.

The President took the required oath of office and administrated the same to the new members.

Nevelle S. Greenaway was appointed clerk pro tem.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush, of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F Creighton & Co., 401 King street.

The Excursion Last Night.

The excursion given last night by the Travelers' Protective Association was a decided success in every particular. The committee having the affair in charge had anticipated everything that could have in any way tended to enhance the enjoyment of the occasion. When the steamer Jamestown reached her wharf in this city at 7:30 o'clock about 350 Alexandrians were waiting to board her. An equal number of Washingtonians were aboard, and soon the residents of the two cities were mingling and enjoying the dancing and other features afforded by the steamer. The weather was all that could be desired. The full moon cast her sheen upon the waters which added additional enjoyment to the excursionists. The steamer proceeded some distance below Indian Head, and about nine o'clock turned and headed up the river. The boat reached this city at 10:30 o'clock, when the Alexandrians disembarked, highly pleased with their evening's experience.

Suit For Damages.

Louis A Kaiser, lieutenant commander, United States navy has, entered suit in Washington against the Southern Railway Company for $25,000 for alleged personal injuries. Mr. Kaiser declares that November 7, 1903, at Calverton, Va., he, with other passengers, was ordered to change cars in which they had traveled from Warrenton, and in order to effect such exchange he was obliged to cross a triangular space at the junction. In this space, he avers, the company had negligently allowed a ditch four feet wide and five feet deep to exist, over which a plank was placed for passage. It being evening and the place being, he alleges, improperly lighted, he attempted to cross over the ditch on the board. As he stepped on the board, he declares, because of its alleged insecure fastening he was precipated into the ditch, as a result of which he says his right leg was severely injured.

Fatal Accident to a Fireman.

While leaning out of the window of his engine, Wm. L. Stickney, twenty-six years old, a fireman on the Pennsylvania Railroad, was struck by a passing train at Four Mile Run, yesterday, and received a blow that hurled him to the tracks. He was picked up and taken to the Emergency Hospital in Washington. The physicians found that his skull had been fractured, and that his condition was hopeless. He lived for a short time without gaining consciousness, and died at 5:25 o'clock. Mr. Stickney's body was taken to the morgue and his parents, who live at Cedarville, Va., were notified of his death.

Funeral.

The funeral of the late Miss Lucy Williams, who died at the residence of her nephew, Mr. Geo. S. French, on Thursday morning, will take place from the residence, No. 105 north Alfred street, at five o'clock, this afternoon. The services will be conducted by Rev. Berryman Green and the interment will be in Ivy Hill cemetery.

The pallbearers will be Messrs. Lawrence Washington, Hubert Snowden, H. C. Ansley, Everett Triplett, George Uhler and Douglass Stuart.

Labor Day.

Labor Day, Monday next, will be a legal holiday. All the banks as well as most of the government and city offices will be closed. The postoffice will observe Sunday hours. There will be a morning delivery of mail and a collection in the afternoon at 5 o'clock. A number of business houses will be closed after the morning hours. A number of excursions and picnics have been planned for the day should the weather conditions prove favorable.

Charged with Grand Larceny.

Officer Lyles this morning arrested William J. Chiakalos on complaint of Mantis Brothers, fruit dealers, who charge him with stealing $300 from them. The case will be examined in the Police Court on Monday morning next. The accused was a clerk in the complainant's store.

The bird season opened today and the first gun was fired at 5:10 o'clock. The slaughter is expected to be great.

St. Mary's Academy.

Next Tuesday, September 4, this institution for girls under the direction of the Sisters of the Holy Cross will enter upon its thirty-ninth year of work along the lines of education in Alexandria. The modern addition lately erected is ready for use and the academy now stands an architectural adornment to the city, while the educational opportunities presented within its walls are so varied and comprehensive that no parent desiring to give his daughter a finished and practical education need seek outside for advantages which can be obtained more reasonably and with greater facility and success at home.

There are three courses of study, the academic, the commercial and the music, each under an efficient corps of teachers, who to the normal training given at the Mother House of the order, St. Mary's College, Notre Dame, Indiana, have added years of actual experience in the class room.

In the academic course which covers eleven years, the classes are carefully graded from primary work up to the studies of the graduating year, all the branches of a liberal education being taught. The graduate in this department is fitted to enter at once and to fill with honor any position requiring that culture and refinement which such an institution of learning as St. Mary's Academy alone can give; for here that trinity of forces-heart, head and hand-receives careful training, hence society can have no brighter ornaments and home no nobler women than those trained in this centre of virtue and learning.

The complete commercial course of two years fits for office work by giving a comprehensive and thorough training in stenography, type-writing, practical business arithmetic, spelling, punctuation, business correspondence, commercial law and the free hand Palmer method of business penmanship. The best systems of accounting and stenography are adopted and practical methods in business transactions are taught by carrying them out to the smallest detail in the class room. Diplomas as graduates in the business department are conferred on all who complete satisfactorily the full two years course, those preferring to make a specialty of stenography and typewriting or book-keeping and arithmetic can secure a certificate in these branches in seven months. The business department was introduced into the school only a year ago, but so hearty was the co-operation of St. Mary's patrons and so many young women availed themselves during the past year of the opportunity of securing a complete business education at home, that the faculty intend to neglect no means of perfecting this important course, thereby giving to its pupils all the advantages to be secured in a commercial high school or college, together with that true culture which refines and forms the character.

The music department under four efficient instructors affords every facility for rapid development. The course of instruction is thorough; weekly lessons being given in the science and literature of music in addition to the musical art, now considered so indispensable a part of a complete education. Vocal music through private lessons and in the general class gives facilities for voice culture, while instruction is given upon piano, organ, violin and all the minor stringed instruments.

Finally, the bodily well-being of the pupils is secured by carefully graded work in physical culture with daily exercise in the open air, while the spiritual side of their education is amply provided for by thorough instruction in all that pertains to the duties of a practical Christian life.

Last year 250 pupils were enrolled; with the increased room afforded by the new building the faculty expect a marked advance in the attendance for the coming year. There is a special and separate department for boys under twelve years where all the refining and kindly influence of a devoted teacher is brought to bear upon their moral as well as intellectual development.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Harrie Davis, colored, arrested by Officer Nicholson charged with assaulting Rose Ford with a bottle was fined $5.

Robert Jackson, and Richard Cash, both colored, arrested by the same officer charged with being parties to the assault, were dismissed.

Charles Colvin, arrested by Officer Jones charged with vagrancy, was dismissed.

Alfred Valentine, arrested by Officer Knight charged with assaulting Alfred Smith with a pistol, was dismissed.

Mary Brooks was arrested for being drunk on the street and was locked up.

The Market.

The market this morning presented a more animated appearance than that of last Saturday. The supply of country produce while not large, was sufficient to meet all wants. Prices remained practically unchanged from those which have recently prevailed.

The little child of Mr. Harry Hudson was not as seriously injured by handling a razor a few days ago as was at first supposed. The child was cut on the cheek and bled profusely, but the gash was not deep.

When two strong men come to blows, even if they are well matched, it is not a pleasing sigh, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's. Good for everything a salve is used for, including piles. Sold by W. F. Creighton Co, 401 King street.

HALF OF YOUR MONEY IS SPENT FOOLISHLY.

Why not save it! Try today—it's simple. Cultivate the habit of economy. A little money saved now works wonders later! And 3 PER CENT. INTEREST compounded makes the wonder grow. The dollars that get away from you each week or month would soon make a snug sum to your credit in a Savings Account with this corporation, so prepare for the unexpected now—don't wait until it happens. Deposit a portion of your income with us, you can draw on it in time of need. We make it a rule to give careful and immediate attention to all business—all requests have careful and prompt attention and every courtesy and accommodation that safe and conservative banking can afford is extended to all customers. We pay interest on time deposits and solicit household, personal and professional accounts as well as the banking business of commercial establishments. We act as executor, administrator and trustee. Execute fidelity, contract, official and judicial bonds, and have safe deposit boxes for rent at reasonable rates. Call to see us.

SATURDAY EVENING, SEPT. 1, 1906.

Justice Poetic.

A man in New York who kissed a sleeping woman and then went back to apologize is in jail, where he ought to be. The story of his woes is not calculated to arouse any sympathy for him.

The man who would take advantage of tired nature's counterfeit of death to salute a woman on whom he had no right to lavish his caresses is not apt to be regarded as the soul of chivalry in these day of high respect for womankind and the inviolability of feminine lips.

Yet most men and all women in judging this particular culprit would deal leniently with his primary offense. It isn't that which merits solitary confinement. The dispatches tell us the woman was beautiful. The man approached her quietly and with reverence. Then he implanted just the tenderest little kiss, taking great care not to disturb her slumbers and wreck her peace of mind.

But the fates were against him. She did wake up. This fact, however, is extraneous, having no bearing on the guilt of the accused.

But what did he do? He went back, and, conscience-stricken, told the woman he was sorry for his boldness. Then she screamed and called in the officers.

He deserves to be in jail. Any man who, having kissed a pretty woman, so far forgets his manhood and offends her pride as to say that he is sorry, should be marooned in some cell where he can never again look on the face of womankind.—[Philadelphia North American.

Negro's White Wife Jars Society.

Mrs. M. A. Curtis, who went to San Francisco from Washington with credentials from the War Department to aid in relief work following the April disaster, who was entertained by the most exclusive families in San Francisco, and whose husband, it now develops, is a negro physician in Washington, is to return to San Francisco. What worries many persons is what reception shall be given to her now that she is known to be the wife of a negro. Mrs. Curtis was sent to California by Secretary Taft on recommendation of Surgeon General O'Reilly. She had been through the Spanish-American war as an army nurse in Cuba, and was an intimate friend of Clara Barton. She apparently had been brought up as a girl in San Francisco, for she knew all about the old families. Mrs. Curtis is accomplished and has tremendous energy and great executive ability. But southern families there cannot receive her now, because of her negro associations.

American Catholics' Sympathy.

Cardinal Gibbons has written to Cardinal Richard, archbishop of Paris, expressing the sympathy of the American Catholic clergy with the French church.

Mgr. Lecot, the cardinal archbishop of Bordeaux and leader of the Girondist clergy, has written a pastoral letter before departing from Bordeaux to attend the meeting of bishops at Paris, in which he again condemns the law fer the separation of Church and State and reaffirms that the terms of the law will never be accepted. The church, he says, never will use violent means to secure the triumph of its sacred cause, "but let us never forget that there is nothing so inflammable as the religious sentiments of a nation. Although with nothing to excite them, the masses will remain indifferent, it will take but a trifle to cause them, like a raging torrent, to sweep all before them." The Cardinal concludes with saying that, as he does not yet know how the government intends to proceed, he cannot give the faithful a line of conduct to take.

Good for the cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and Tar—the original laxative cough syrup. Contains no opiates. Sold by W. F. Creighton & Co., 401 King street.

Cuban Rebellion Spreading.

The rebellion has spread to Santiago province and the situation is graver than at any time since the trouble began. Puerto Principe is now the only province peaceful. Americans have extensive cattle interests there. To avoid complications growing out of the enlistment of foreigners, all foreign recruits have to sign an agreement that they only enlist to suppress the insurrection. A force of insurgents has been organized at Songo, near Santiago. A portion of the machine gun corps has been sent to Pinar del Rio province. Another American plantation, the Mercedes estate has been raided by revolutionists. The government is trying to protect such estates. Eighteen men of a rebel body in retreating were drowned in the Sagua La Grande river.

A Scientific Wonder.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured F. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds, Chilblains and Salt Rheum. Only 25c at E. S. Leadbeater & Sons' drug store.
